- 2-step Moodmaker™ dimming function (2700K/4000K) using your standard wall switch •
- Suitable for the bathroom (IP65) • Parallel connection possible
- Connector block included • 5-year LED guarantee

Tiaki is a round downlight with integrated LED, allowing for parallel connection. Tiaki has the Moodmaker™ function, which allows you to dim the light in two steps without the use of a dimmer switch, simply using your standard wall switch. The downlight automatically remembers the previous light setting. Tiaki allows you to switch between 600 lm at 4000K and 345 lm at 2700K. It even meets protection rating IP65, which makes it suitable for use in e.g. the bathroom.
